

# AUTOMATIC CROPPING MACHINE

**foodmate**

Poultry Processing Systems

The Foodmate Cropping Machine is a stainless steel constructed, automatic crop remover. Each unit is fitted with a special cropping head, which passes through the bird. The units are chain driven by a

separate motor and cropper heads are cleaned by a rotating motor-driven brush. The machine is driven by the overhead conveyor.

Our mission is to innovate, automate and bring cost-effective solutions to the industry.

Foodmate is an equipment manufacturing company based in the Netherlands. Founded in 2006, we focus primarily on poultry processing, and we recently launched Foodmate US, expanding our worldwide distribution into North America. Driven by research, paired with unmatched knowledge and decades of experience, it's our mission to innovate, automate and bring cost-effective solutions to the industry.

Our product line spans a wide assortment of processing equipment designed for live bird handling, killing and defeathering, eviscerating, chilling, weighing, cut-up systems, deboning, and more. In addition to manufacturing, we provide an extensive variety of spare parts and service for other processing equipment and reconditioned machines.

Our team represents decades of industry knowledge and experience resulting in the engineering, development and implementation of new designs for our clients and their ever-changing needs.
