

## WING CUTTER SUPER CUT

**foodmate**

Poultry Processing Systems

The Foodmate Wing Cutter Super Cut is designed to meet the latest requirements for anatomic wing cutting. The Wing Cutter Super Cut can be installed into most existing Cut-Up lines and on a new

Foodmate Compact Cut-Up System. It contains a stainless steel frame and motor and is easy to clean with minimal maintenance required.

Our mission is to innovate, automate and bring cost-effective solutions to the industry.

# WING CUTTER SUPER CUT

## Key Benefits:

- Allows for a maximum of 6,000 birds per hour

Foodmate is an equipment manufacturing company based in the Netherlands. Founded in 2006, we focus primarily on poultry processing, and we recently launched Foodmate Brasil, expanding our worldwide distribution into South America. Driven by research, paired with unmatched knowledge and decades of experience, it's our mission to innovate, automate and bring cost-effective solutions to the industry.

Our product line spans a wide assortment of processing equipment designed for live bird handling, killing and de-feathering, eviscerating, chilling, weighing, cut-up systems, deboning and more.

Our team represents decades of industry knowledge and experience resulting in the engineering, development and implementation of new designs for our clients and their ever-changing needs.
