

foodmate

Poultry Processing Systems

We are proud to introduce “Foodmate **CONNECT**”

With **CONNECT** we will be able to assist you anywhere on the globe, 24/7, in an instant.

CONNECT consists of two IP65 certified cameras, accessories and software linking your video feed to one of our service technicians.

You can connect your smartphone to **CONNECT**, allowing to watch **live** instructions and directions. Through video and audio we will guide you through the steps necessary to solve your technical difficulties.

To accommodate places where Wi-Fi is absent, we offer an optional mobile hotspot. Now you can get specialized service anywhere, anytime.

Our service technicians are ready to be the solution to your problems.

now!
