

HORIZONTAL SLICING MACHINE HSM-3

foodmate
Poultry Processing Systems

- Three independent lanes for:
 - Graded fillets
 - Single or multiple slices
 - Butterfly cuts
- Guaranteed slice thickness or weight depending on adjustment and precutting
- Made to suit any of your slicing needs:
 - for product height up to 50 mm/2"
 - for product width from 50 mm/2" to 140 mm/5 1/2"
 - with slicing kits for up to 5 blades
- Production rate > 120 fillets/min
- Short oscillating blades for a high quality cut and long blade life
- No heat development, no cooling water needed
- Floating hold down belts
- Allan Bradley inverters for variable belt speed and slicing speed
- Extremely heavy-duty, designed for minimum downtime and maintenance
- Powerful gear motors:
 - 1 x slicing unit
 - 1 x bottom conveyor belt
 - 1 x top compression belt
- Conveyor belts 180 mm/7" wide with FDA quick connectors
- Properly guarded for safe operation, complies with latest safety and hygiene requirements
- Cleans easily with only slicing kits to be removed
- Designed for operator friendly and quick adjustments, machine controls on product loading side
- Made in stainless steel and other FDA approved non corrosive materials
- Water spray system for top and bottom belts optional

Our mission is to innovate, automate and bring cost-effective solutions to the industry.

HORIZONTAL SLICING MACHINE HSM-3

Key Benefits:

- Butterfly slicing kit for single chicken fillets
- For product height up to 50 mm / 2"
- For product width from 50 mm / 2" to 140 mm / 5 1/2"
- With slicing kits for up to 5 blades

Foodmate is an equipment manufacturing company based in the Netherlands. Founded in 2006, we focus primarily on poultry processing, and we recently launched Foodmate Brasil, expanding our worldwide distribution into South America. Driven by research, paired with unmatched knowledge and decades of experience, it's our mission to innovate, automate and bring cost-effective solutions to the industry.

Our product line spans a wide assortment of processing equipment designed for live bird handling, killing and de-feathering, eviscerating, chilling, weighing, cut-up systems, deboning and more.

Our team represents decades of industry knowledge and experience resulting in the engineering, development and implementation of new designs for our clients and their ever-changing needs.

Technical Specifications:

- Stainless steel frame and motor
- Motor (IP66) power supply: 3 x 2,7 kW
- Machine dimensions:
 - Length: 2900 mm
 - Width: 1240 mm
 - Height: 1340 mm
 - Weight: approx. 580 kg
