TENDON CUTTER

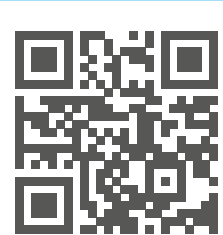

DRUM MEAT SCRAPING

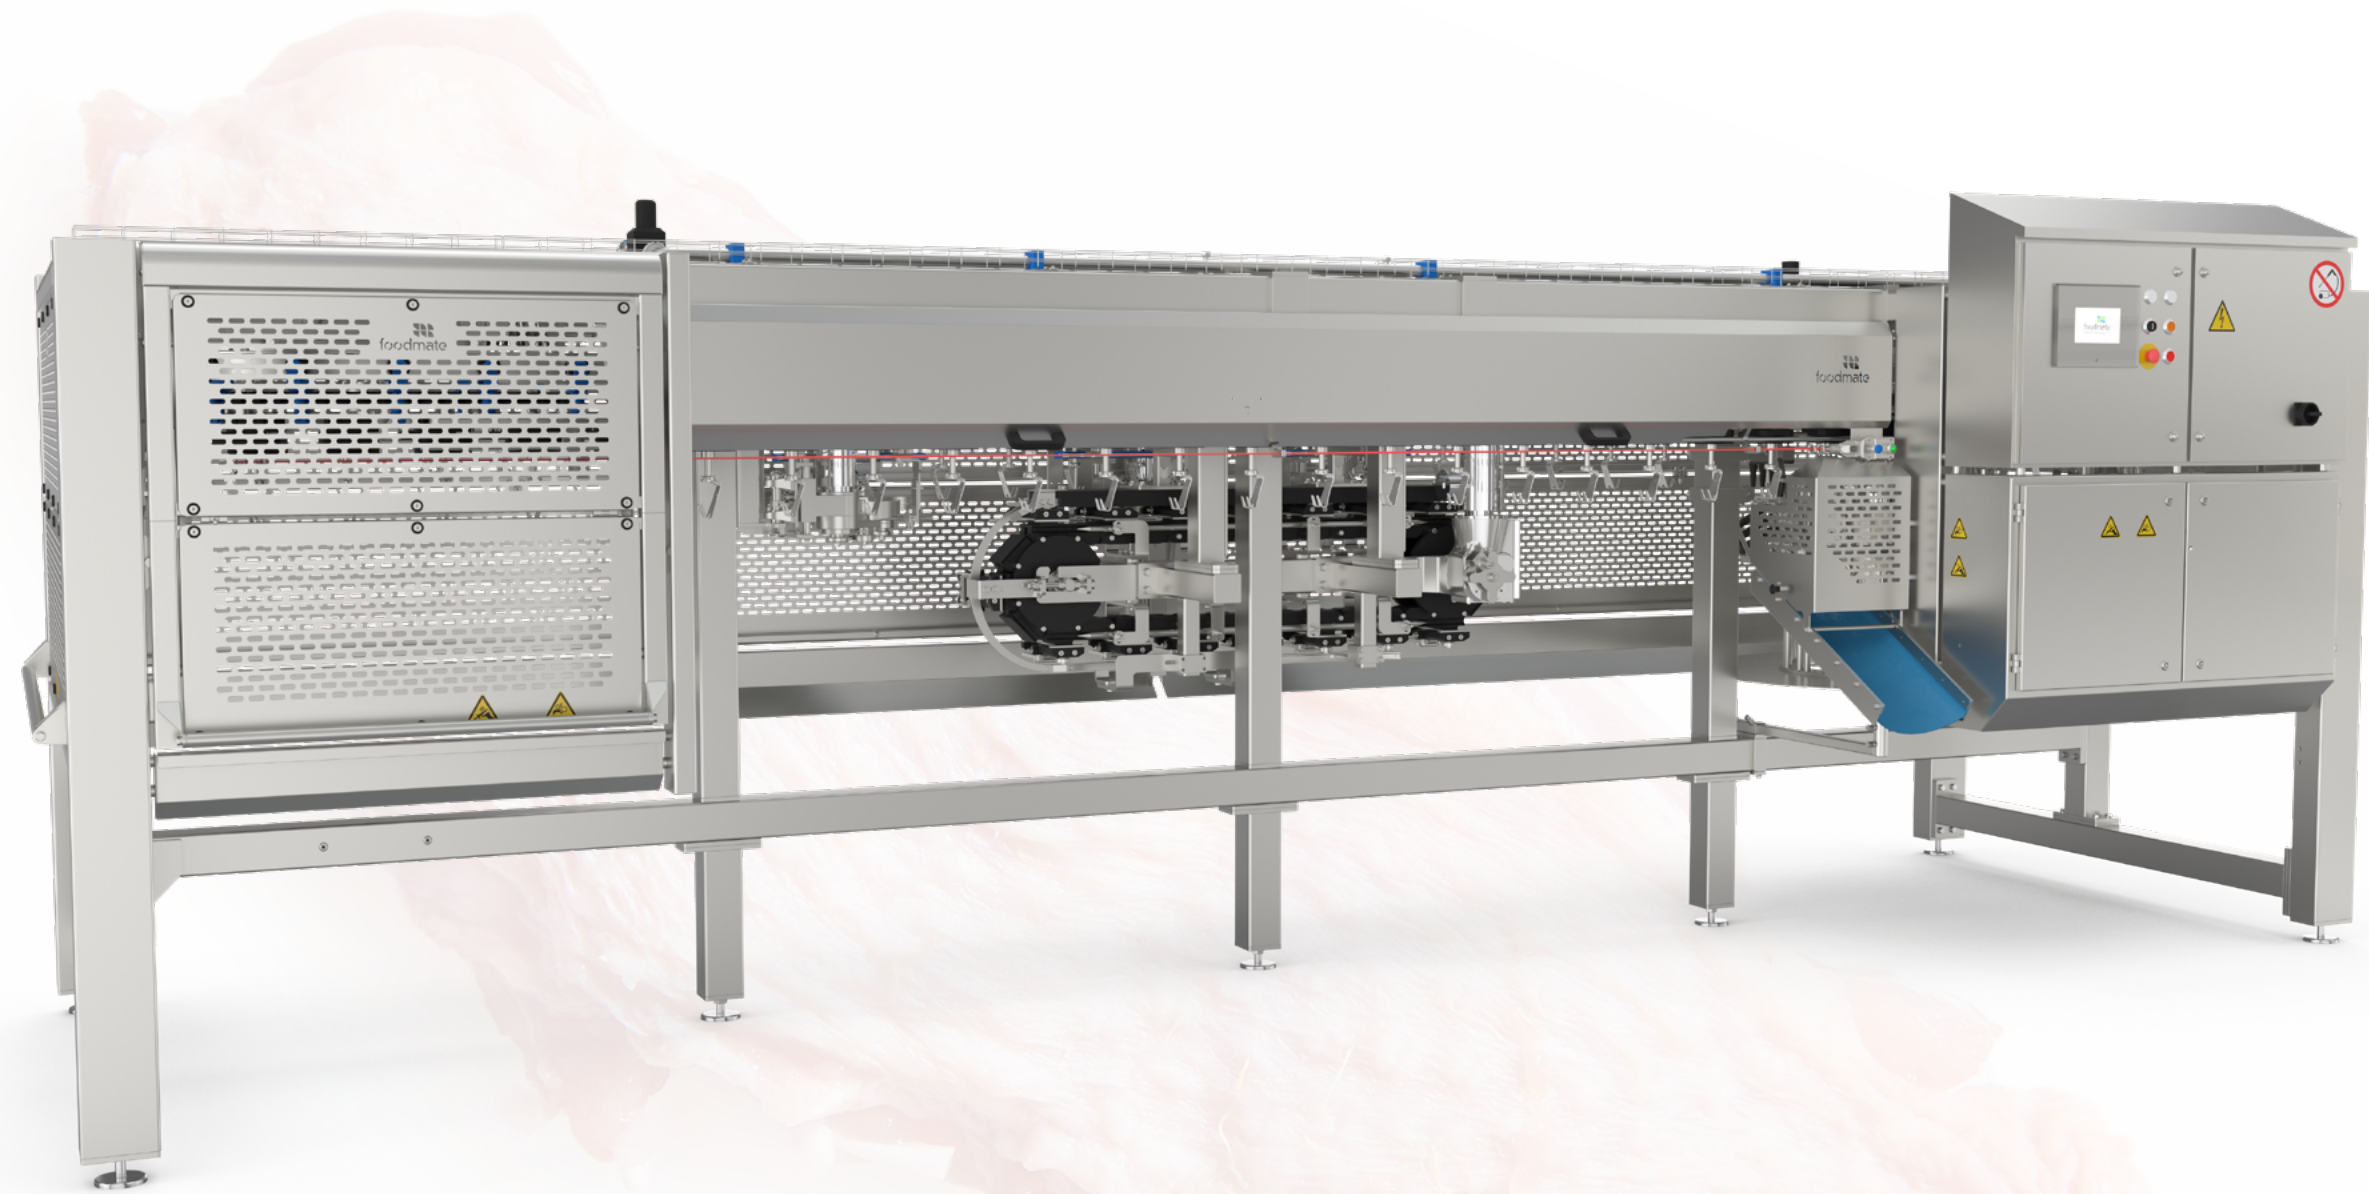

KEY FEATURES

Foodmate developed the OPTI Drumstick Deboner in response to the increasing demand and production of deboned drumstick meat. The machine is designed to run 6000 drumsticks per hour and only requires two loaders due to the Easy Load product shackle.

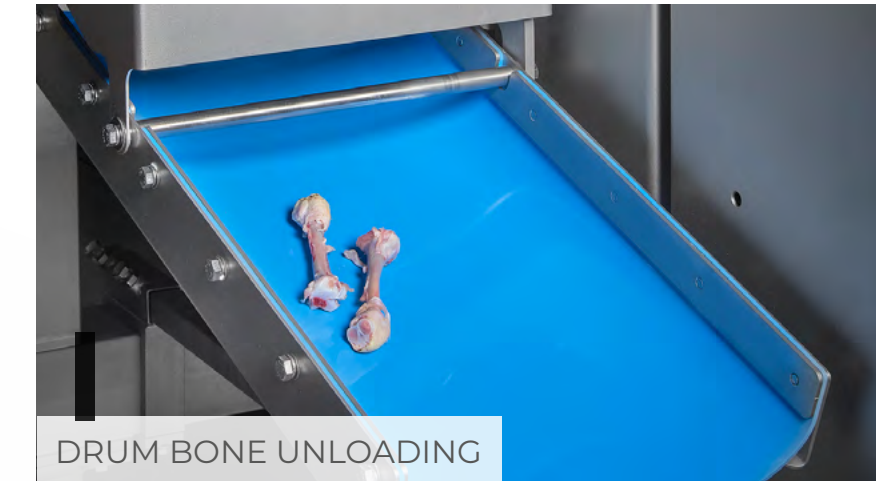

The OPTI DD debones drumsticks within a large weight range, with or without skin. An excellent end-result in combination with high efficiency.

Leading Technology in Dark Meat Deboning Solutions

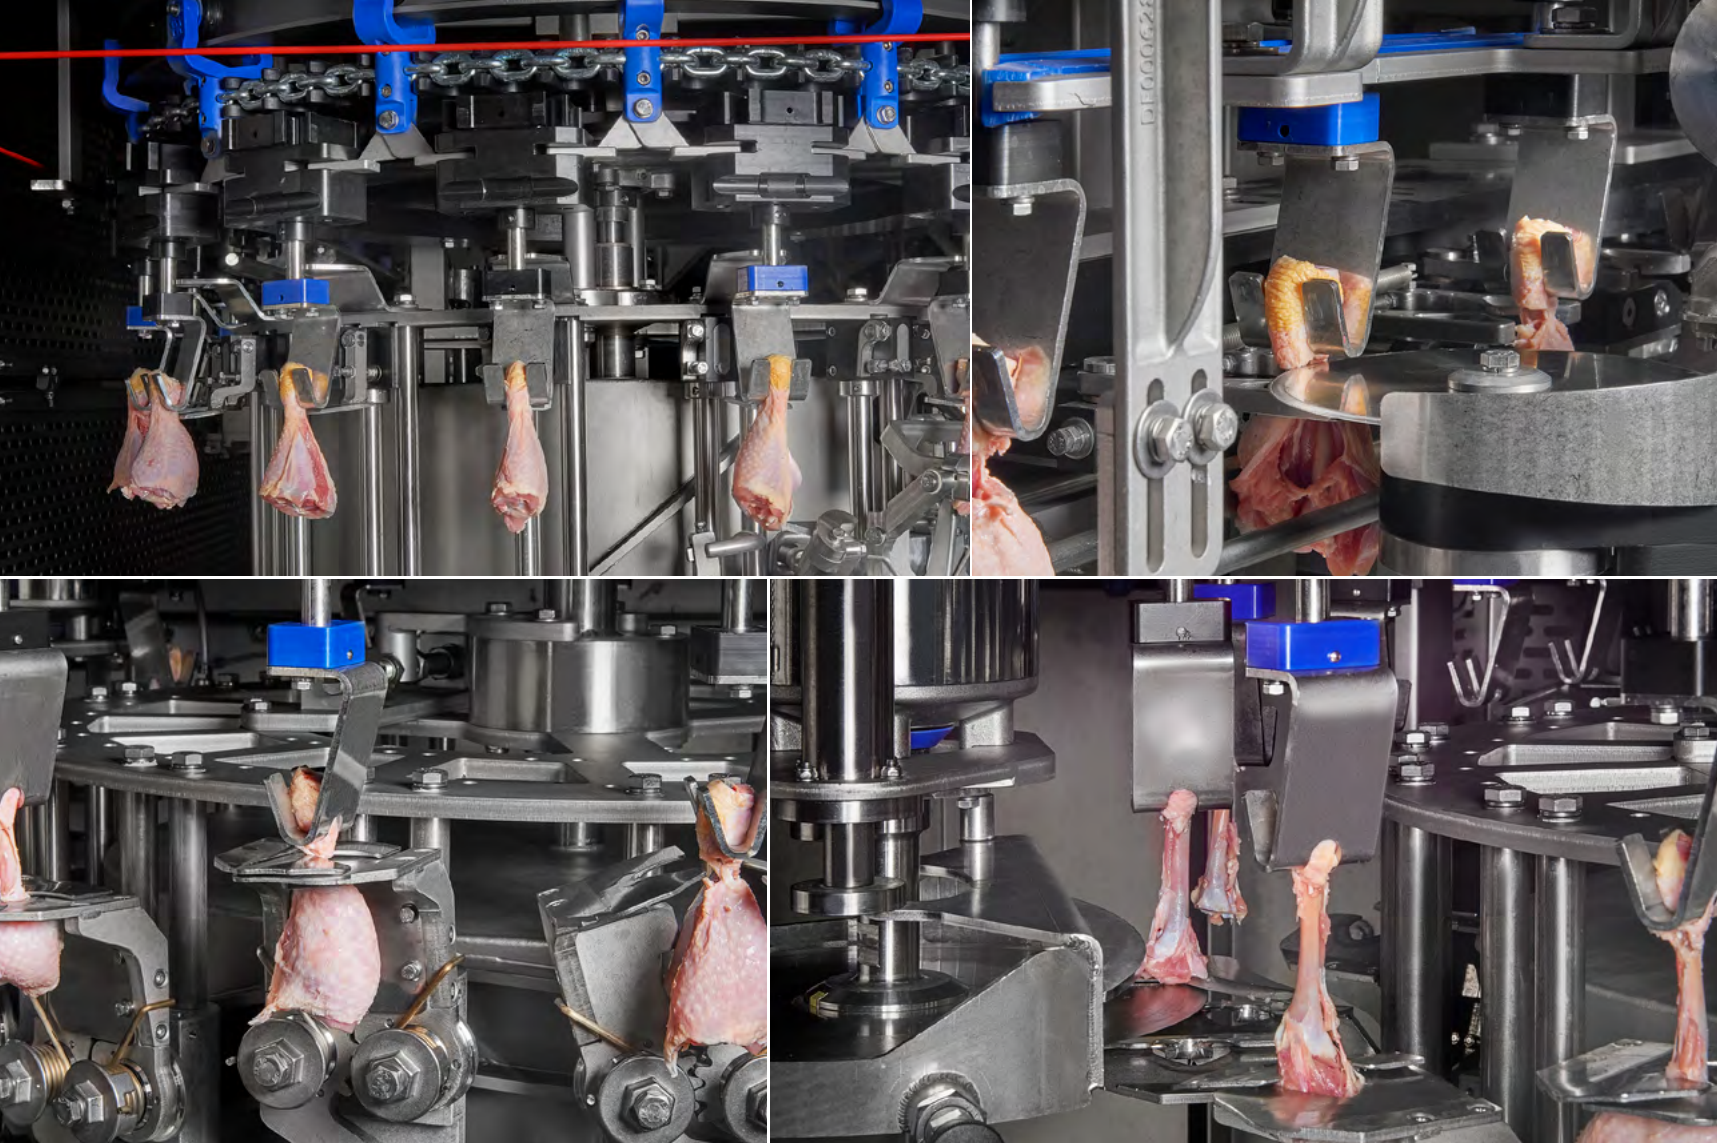

J-CUT

To ensure optimal deboning, the leg must be cut along the drum. A specially designed unit makes a precise cut along the bone without damaging the meat or the bone.

OPTI LTD

Combined with the OPTI TD, the

ADVANTAGES

- ✓ Capable of deboning 6000 drums per hour
- ✓ Optional J-Cut unit
- ✓ Drumstick deboning, with or without skin
- ✓ Eliminates bone shattering and fragmenting
- ✓ Excellent yield
- ✓ Machine can process different leg weights
- ✓ Reduces operating and maintenance costs
- ✓ Safety features such as integrated PLCS and DC injection brakes
